In 1999 the Delaware Public Service Commission ("PSC") has promulgated certain regulations pertaining to certification of electric suppliers in 26 *Del. Admin. C.* §3001, now entitled "Rules for Certification and Regulation of Electric Suppliers ("Supplier Rules"). The PSC has revised the Supplier Rules several times since then.

The PSC now proposes to revise the Supplier Rules. The purpose of the proposed revisions are to ensure electric choice for customers is more competitive and in compliance with the terms of the settlement agreement entered into by the parties in PSC Docket 10-2; to provide additional protection for customers; to require electric suppliers to include additional details regarding the rates, terms, and conditions of service in their offers to customers to provide electric supply services; to clarify sections of the Supplier Rules; and to make the

certification process for electric suppliers more uniform. Pursuant to PSC Order No. 8187 a workgroup was formed and met several times to address the issues above.

The PSC is soliciting comments, suggestions, compilations of data, briefs, or other written materials about the proposed revisions to its Supplier Rules.
